THE PROBLEM

01

No Visibility of Work Done

Whatever problems a Nagar Sevak resolves, citizens in the ward — or across Maharashtra — never get to know. There is no platform to showcase completed work.

02

No Complaint Portal

Citizens have no structured channel to report issues. They must call, meet in person, or message the Nagar Sevak directly — creating delays and missed complaints.

03

No Proof of Work

There is no documented before & after record. Citizens cannot verify that their Nagar Sevak is solving problems, leading to loss of trust and credibility.

04

Missed Political Opportunity

No other corporator has a dedicated digital platform. This is an untapped advantage — especially with tech-savvy youth voters who respond to innovation and transparency.

THE SOLUTION

A dedicated digital platform for Dr. Hemlata Patil — first of its kind among corporators in Nashik.

Public Profile

Branded profile page of the Nagar Sevak visible to all citizens — builds identity and trust.

Citizen Complaints

Citizens report garbage, road damage, water leakage, drainage & encroachment in one tap.

Ward Map

Interactive ward map showing Ward 12 boundaries and complaint hotspots by location.

Before / After Posts

Admin posts visual proof of resolved issues — side by side before and after photos.

Work Statistics

Live dashboard tracking resolved, accepted and in-progress issues for full accountability.

WhatsApp Broadcast

Auto-share updates to 5,000+ citizens via WhatsApp Business API — bilingual in English & Marathi.

Nagar Sevak Public Profile

Every citizen in Ward 12 — and across Maharashtra — can view Dr. Patil's profile.

- 

Personal Brand Identity

Profile photo, party affiliation, ward number and active status — all in one place.
- 

Work Statistics Dashboard

Resolved, Accepted and In-Progress counts visible publicly, building trust and accountability.
- 

Before / After Gallery

Visual proof of real work completed in Ward 12 — citizens see results, not just promises.

Citizen Complaint Portal

Citizens can now report any ward issue in seconds — no calls, no waiting.

Photo Upload

Citizens attach a photo directly from their phone camera for clear visual documentation.

Auto Location Detection

The app auto-detects Ward 12 location or allows manual pin-drop for precise reporting.

Admin Issues Dashboard

All complaints from citizens are collected in one place — Dr. Patil's admin view.

- 

Centralized Inbox

Every issue submitted by any citizen in the ward lands here — no complaint is missed.
- 

Status Tags

Each issue shows category tag (Garbage, Road, etc.) and current status (Resolved, Pending).
- 

Efficient Prioritisation

Admin can scan all issues quickly, decide which to escalate, accept or mark in progress.

Complaint Progress Tracking

Citizens and admin can track every complaint through its lifecycle in real time.

Multi-Stage Progress Timeline

Pending → Escalated → Accepted → In Progress → Resolved — full transparency at every step.

Before & After Photo Proof

When resolved, the admin attaches an After photo that appears alongside the original complaint.

Date & Time Stamped

Each status change is recorded with date, building an audit trail that citizens can verify.

Profile

Dr. Patil can proactively post updates directly from the admin panel.

- 

Three Content Types

Post a Photo, a Video, or a Before / After split — showcasing real ward improvements.
- 

Custom Caption

Add bilingual captions in English or Marathi to describe the work completed for citizens.
- 

Instant Publish

One tap to post — the update goes live on the profile and is ready for WhatsApp broadcast.

Interactive Ward 12 Map

Citizens can visually see their ward boundary and file complaints directly from the map.

Ward Boundary Highlighted

Ward 12 is outlined clearly on an OpenStreetMap layer — instantly recognisable to all residents.

Complaint Hotspot Numbers

Numbered circles show complaint clusters across all wards for a bird's eye civic overview.

Nagar Sevak Card

Tapping Ward 12 shows Dr. Patil's profile card with Report a Complaint and View Profile buttons.

WhatsApp Business API Broadcast

Reach 5,000+ Citizens Instantly

Whenever Dr. Patil resolves an issue or posts a Before / After update, the platform auto-generates a WhatsApp message and broadcasts it to the entire ward subscriber list.

-  **Bilingual Messages**
Auto sends in English + Marathi so every citizen can read and understand the update.
-  **Before & After Photos**
Visual proof attached in the WhatsApp message itself — zero extra steps for citizens.
-  **5,000+ Subscriber Reach**
WhatsApp Business API allows bulk broadcast to entire ward with high open-rate delivery.
-  **Election-Ready Communication**
Every message builds brand recall and credibility with voters ahead of the next election cycle.

WHY THIS CHANGES EVERYTHING

Dr. Hemlata Patil will be the first Nashik corporator to use a dedicated citizen engagement platform.

First Mover Advantage

No other corporator in Nashik has this. You will be the pioneer — setting the standard for civic tech in Maharashtra.

Youth Voter Engagement

Tech-savvy youth vote on perceived intelligence and innovation. A digital-first Nagar Sevak signals leadership that understands the future.

Manifesto-Ready Proof

Every resolved issue is documented with dates and photos — your election manifesto writes itself with real data.

Global Visibility

Ward 12 work can now be seen by the entire world — diaspora, journalists, NGOs and voters beyond the neighbourhood.

Citizen Empowerment

Citizens feel heard and respected. Transparent governance builds loyalty that is very hard to reverse at the ballot box.

Continuous Accountability

Live statistics mean there is no hiding — and no ambiguity. Your work numbers speak for themselves every single day.

**Be the first.
Be the most trusted.
Be re-elected.**
